

Shopping Lists

 Let's get started

Shopping lists make re-ordering easy!

Shopping lists allow you to create curated lists that can easily be added to your cart. You have the option to share shopping lists with your entire organization, accessible locations or keep them only visible to you!

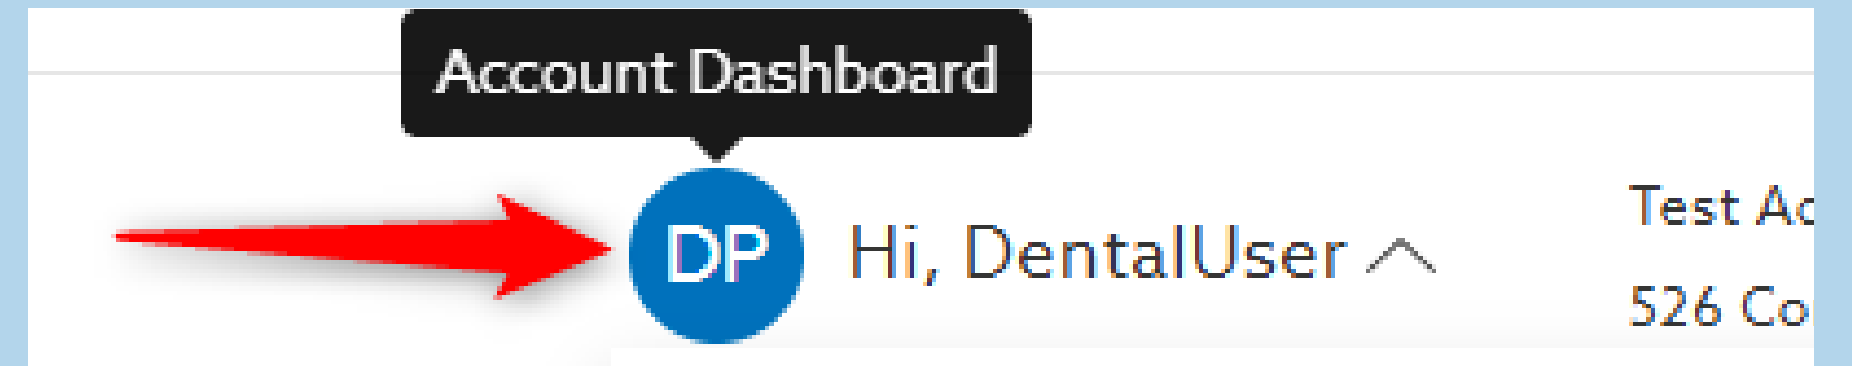

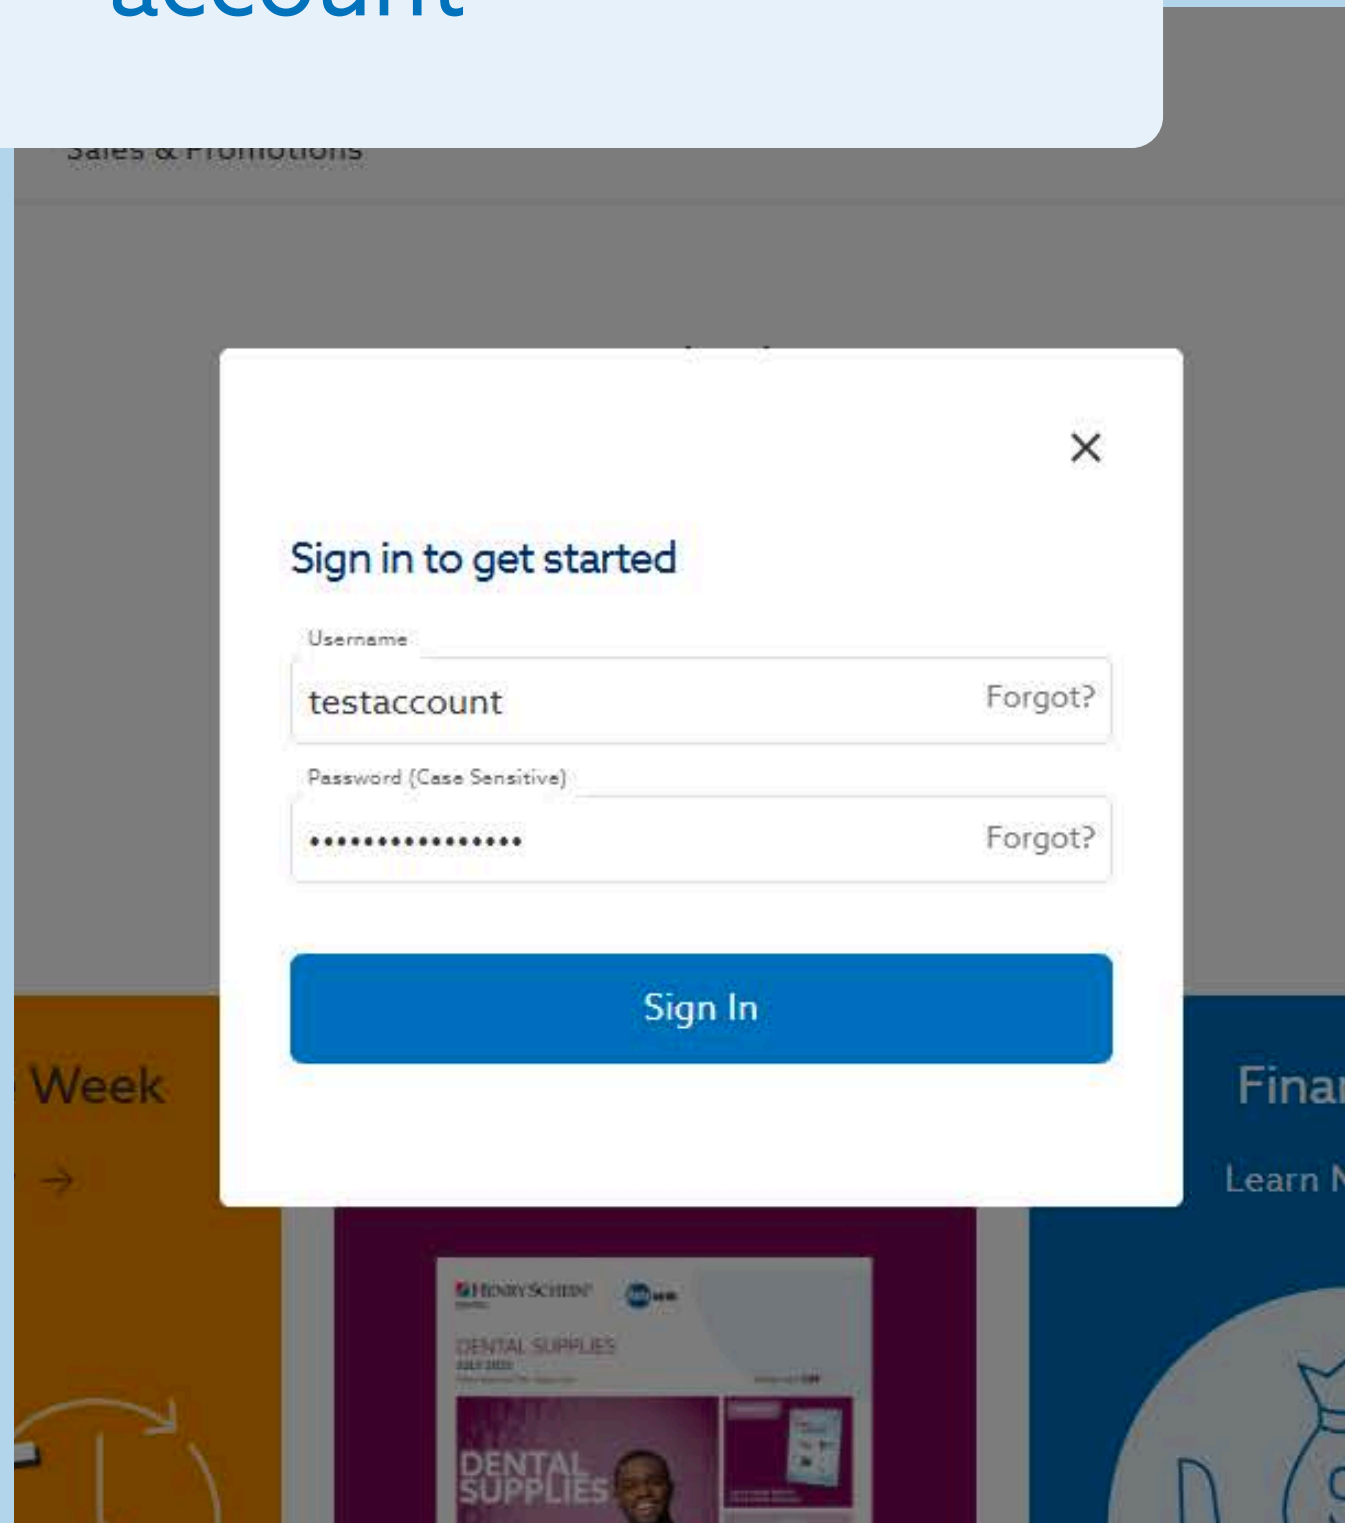

You can create new shopping lists or add to existing lists in the following areas of the website:

- **Account Dashboard**
- **Item History**
- **Cart**
- **Quick View**
- **Product Details Page**

Learn How 

1. Sign in to your account

2. Navigate to your Account Dashboard

The screenshot shows the 'My Lists & Favorites' page. On the left is a blue sidebar with menu items: Account Dashboard, Orders, Statements & Payments, Messaging Center, My Catalogs, My Redemption Reminders, My Lists & Favorites (highlighted with a red box and arrow), Rewards, and My Organization. The main content area has a breadcrumb 'Account > My Lists & Favorites' and a title 'My Lists & Favorites'. Below the title is a description: 'Shopping lists & Favorites can help you keep track of items and make re-ordering simple & easy! Manage your own lists or view/reorder from Shopping Lists shared with you.' There are two tabs: 'Shopping Lists' (highlighted with a red box and arrow) and 'Favorites'. Below the tabs is a text block: 'Below is a list of all shopping lists you have created or have access to. Create a new list, edit existing ones or simply add the list you would like to purchase to your shopping cart.' To the right are buttons for 'Create New' and 'Hide/Delete Lists'. Below this is a filter section with a toggle for 'Show hidden lists', a search box labeled 'Search Shopping List', and a dropdown for 'Show 24 Per Page'. At the bottom, it says 'Total Results: 10 items' and a table header with columns: 'Shopping Lists (10)', 'Products', 'Created By', 'Last Modified', and 'Editing Permissions'.

3. Select My Lists & Favorites

On the **Shopping Lists** tab, view all lists you have created or have access to
